ALLERGEN INFORMATION

All of our beers are produced in a certified food-safe brewery. As we are a fancy craft brewery we like to play around with flavours quite a lot. With great flavours come great ingredients.

We are more than happy to provide details on any ingredients used in our draft beer – just ask the team!

Each time we swap beers on a line, we do a thorough line-clean and rinse. We have tested to make sure allergens do not survive the process, but cannot 100% guarantee that some lines do not contain trace allergens from other beers.

If you have a serious allergy – we highly recommend you ask to speak to a manager here at the bar.

All canned & bottled products sold are as per their description and labelling on the package.

CRAFT BEER FOR ALL THE PEOPLE

We believe our bars should be safe & inclusive spaces for everyone. We have a zero tolerance policy for abusive behaviour & harassment of any kind. Anyone not being respectful of others or exhibiting toxic behaviour will be asked to leave immediately.

WELCOME TO

BREWDOG DENVER

WE ARE OWNED BY THE FAMILY TEAM OF JUAN CARLOS MONDRAGÓN, HIS SON EDUARDO, DAUGHTER PALOMA AND HER HUSBAND ELLIOT.

BrewDog Denver is our passion project and a journey we have been on since Paloma came to Scotland, the home of BrewDog, in 2019 and met Elliot. A Scottish native, Elliot had been a BrewDog fan since the brewery started in 2007 and it wasn't long before Paloma fell in love with the beer (and Elliot!).

Bags were then packed for Europe where Paloma learned everything there is to know about craft beer whilst working in BrewDog Brussels and then it was back to Scotland where, over pints of Jet Black Heart, BrewDog Denver was born. Having been drawn to Colorado with the lure of its outdoor lifestyle and place at the forefront of the craft beer movement, we are so excited to call RiNo our home.
